

## ON CENTER SOFTWARE RELEASES QUICK BID 4.8

On Center Software has released Quick Bid 4.8, with new features to help construction estimators work more efficiently than ever. One is "eQuote," enabling easy relay of a request for a materials quote. Other added features include:

- The ability to modify Indirect Expenses while selecting View All Sections
- Support of CSI Master Formats 1995 & 2004 to ensure information accuracy
- The capability to override Labor Burden
- The ability to pack/unpack bid information and send it through email
- An option within Conditions Detail to ignore the width and depth fields for EA conditions

- The ability to permit locked bids to be viewed using the read-only mode
- A Feature Request button, facilitating easy submission of comments/suggestions
- The option to Remember Login Name and Password
- An option to resize the Coversheet dialog box, improving program interface
- Restoration of the option to add a subcontractor directly under a selected section on the Subs tab
- Updated accessibility of the Cost Codes Master list, on the AEC tab in the Company Detail dialog, for ease of use when adding companies on the Subs tab.

Further enhancements improve Quick Bid's speed, stability, display functionality and reporting/exporting capabilities. The program is part of the On Center ProfitBuilding™ Suite of products, which also includes On-Screen Takeoff and Digital Production Control™. For more information, visit [www.oncenter.com](http://www.oncenter.com). ■

## TRUE NORTH LOG HOMES LAUNCHES NEW PLAN BOOK

Since the invention of the camera, consumers of countless products have found ideas and inspiration from photographs – be it for a new car, a vacation destination, a new home or anything in between. True North Log Homes understands the value not only of quality log homes, but the importance of that quality imagery. Featuring 200+ pages of striking color photography, True North Log Homes has just launched its new plan book, introducing the ultimate in inspirational home

summarized by its opening quote: "Life is not measured by the number of breaths you take, but by the moments that take your breath away." True North has done an exceptional job of illustrating the log home lifestyle, as well as highlighting the technology and craftsmanship of the company's product. As the developers of the most technologically-advanced log home on the planet and owners of 14 (soon to be 17) US and Canada patents, True North's log homes provide customers
